

### Eleanor K. Ross, Walk Your Paws Fundraising Event

The annual Eleanor K. Ross, Walk Your Paws fundraising event is traditionally held on the first Saturday of June at the Parkersburg City Park. Due to the current coronavirus pandemic, we had to figure out how to continue this tradition while keeping our community and supporters safe. So, we decided to make this a virtual event!

From June 6-26, you can register to participate or donate in support of an individual or team. We will have fun ways to get involved including virtual contests, a virtual scavenger hunt and awesome incentives for raising funds.

This year's theme is "PAWSitively Woofstock" and we hope everyone has a groovy time! To register or donate, visit our event website at:

<https://give.classy.org/walkyourpaws>

### 10th Annual Mountaineer Tail-waggin' Tailgate Party

The 10th Annual Mountaineer Tail-waggin' Tailgate Party is schedule for August 22, 2020 at Buzzie Dils River Lot in Vienna, WV.

We are seeking sponsors for this event as well as donations for auctions. We only sell 300 tickets for the tailgate. We have sold out every year, so watch our Facebook page and website where we will announce tickets are available.

If you would like additional information, please contact Karen Katchur at 304-615-1173.

### In Memory

We were deeply saddened by the passing of Debbie Tipper. She was an animal lover and longtime supporter of the HSOP. Debbie served on the SPOT Committee for many years and helped raise funds to build the SPOT Clinic as well as the current shelter expansion and renovation project. She was especially fond of participating in the annual tailgate party. She always made everyone around her smile. Debbie will be greatly missed by everyone at the HSOP.

### COVID-19 and Shelter Life

Mid-March is usually associated with things like warm weather, Spring Break and a little wearing of the green. However, this year was filled with things like essential services, COVID-19 closures and staying safe.

The Humane Society of Parkersburg and our staff were deemed essential, but our priority was to take actions to preserve the safety and health of our staff so that they would be able to provide the care needed for the animals within our shelter. There was also concern about trying to reduce the shelter population so that we had kennel space in the event we needed to accept animals from individuals who may have to be hospitalized. We were able to recruit several new fosters that will benefit us long-term.

We immediately started looking at the services we provide to determine which processes could be modified for safety. We deemed that we would limit new animal intake to stray or illness cases and not accept owner surrendered animals; we learned how to effectuate the adoption process electronically, with only the meet and greet and pickup of the animal taking place in person outside our front door; we maintained our food pantry for those who need that service-and were even able to provide a drive-thru food bank in May.

The most difficult adjustment was suspending our evening volunteer led walk times for our animals. Our dedicated staff was more than willing to accommodate a schedule change that still provided time for evening walks and play time for dogs and cats, but our volunteers missed the chance to spend time with the animals and the animals missed them. We are so happy that we have been able to reinstate the evening walks recently with several modifications to our process, unfortunately, we have not yet been able to reinstate volunteer play time for cats, but continue to look for a solution that will allow us to reinstate that.

Fortunately, the staff and public have all shown great flexibility in the changes that we had to make to deal effectively with this crisis and some of our new practices work so much better that we intend to keep them in place, even as restrictions lift and things begin to return to normal. Our adoption volumes for April 2020 were more than 30% higher than April 2019 and it seems like many of the animals adopted have received the benefit of having time to adjust to their new family during the quarantine. Adjustment to the 'new normal' has taken patience and creativity, but the shelter staff is grateful to have been a small part of making so many families happier during this difficult time.

Gary McIntyre, Executive Director

### Veterinarian Search

The Humane Society of Parkersburg is actively searching for a new Veterinarian for the SPOT Clinic. The current pandemic has made this search even more difficult. We will continue the pursuit until we find one. In the meantime, we have relief vets filling in to do stay and neuter surgeries as well as vaccination clinics. Days and spots for spays and neuters are limited. We are working as quickly as possible to accommodate everyone and appreciate your patience during this time. Please call the Spot Clinic if you would like to be added to the waiting list to have your cat or dog spayed or neutered. Watch our Facebook page for Vaccine Clinic announcements or visit our website at [www.hsop.org](http://www.hsop.org).

June 6-26, 2020 – 27th Annual Elinor K. Ross Walk Your Paws, Online Fundraiser

July 13-17, 2020 – Camp Ruffin' It

August 22, 2020 – 10th Annual WV Tail-waggin' Tailgate Party - Buzzie Dils River Lot, Vienna, WV
