### IMPORTANT INFORMATION

- We are unable to come to vehicles to vaccinate.
- All vaccines and microchips are available while supplies last.
- \*\* Puppy vaccination.
- \*\*\* Requires a booster in 30 days. Cannot be given at the same time as the rabies shot.
- The three-year rabies vaccine can only be administered with proof of a current, unexpired one-year rabies shot provided at the time of registration.

*We always recommend discussing any medical, behavioral, or vaccination concerns with a veterinarian prior to any treatment.*

**Thank you for choosing the SPOT Clinic!**
