Spring 2025

HOME SWEET HOME

Gary McIntyre
Executive Director

While we have all likely repeated that famous line, “There is no place like home,” at least once, it truly is the case when it comes to your pets.

Since January 2022, shelters nationwide have seen the number of animals coming into shelters outpace the number of animals leaving. This continued growth of intake has led to nearly all shelters running at or above their capacity.

There are multiple solutions to this problem. A few obvious ones are increasing adoptions, utilizing fosters to house animals, or reuniting the animal with their original owner, when possible.

The animal shelter is a lifesaver for many pets, but it is important to point out that living in a shelter environment- no matter how hard we try—results in increased levels of stress for the animals. The staff and volunteers at HSOP do an outstanding job working with each of our animals to make certain they have clean kennels, regular enrichment activities, play yard time, and plenty of treats and toys, but none of these eliminate the stress.

The best solution for stray animals that are found is to attempt to locate the owner and avoid having to bring the dog into the shelter.

As a pet owner, some solutions might be to confirm that your pet is always wearing a collar. Dogs should be wearing a current county license tag and their rabies tag. We also recommend a tag with the animal's name and a contact telephone number. Since most people walk around with a telephone in their hand, this would be the quickest way to ensure your pet is returned to you. Microchipping your pet is a great way to get your pet home. This requires someone to take the animal to a veterinary office or shelter, but it is an effective way to reunite with your pet. Petco also offers Petco Love Lost, a national pet identifier that utilizes facial recognition to compare a found pet to the database to determine if the dog has been registered by its owner.

Keep in mind that all these solutions do require you to keep the information up to date. If you are planning a move, be sure to update the contact information on tags, with microchip companies, and on services such as Petco Love Lost. Without taking the necessary steps, the best solutions are not going to help return your pet to you in a timely manner.

As a pet finder, you should first start by asking anyone you may see outside if they know where the dog belongs, if that is not successful, try knocking on the doors of the five closest houses looking for an owner. If that does not work, consider sharing on your neighborhood Facebook group or in common spaces and hang onto the animal for a few hours, if possible. If all of those fail, attempt to post the pet onto Petco Love Lost (you will need to use your phone to take a photo) or take the animal to the nearest shelter or veterinarian to see if there is an active microchip. If these steps fail, consult with your animal shelter to see if anyone has been looking for the pet or finally, to plan to drop the pet off with them.

Reuniting pets with their family does sometime take a village, but it is a rewarding experience.

**If you are interested in supporting HSOP after you are gone,
Legacy and Planned Giving opportunities are available, contact the shelter for more

Shelter dog Treevi would like to thank everyone who voted for him (and Haley) when he made his on-stage debut during Actors Guild of Parkersburg's 2025 Lip Sync Battle on March 22. He is appreciative that a donation is being made to HSOP for his efforts.

THANK YOU

The board of directors, staff, and volunteers would like to express our sincere gratitude and thanks for all that the community has done for us in the past weeks. Whether you brought supplies, provided meals, or made monetary donations-your help was appreciated!

Meet Maui

Maui is a 7 year, 10 month old orange tabby.

This sweet gal is set in her ways! Maui was first adopted from us in July of 2024. She unfortunately has found her way back to us this January. Maui is particular about her food and LOVES wet food!

Can we find this sweet Diva a home where she can be pampurred like the princess she is?

Meet Heidi

This gorgeous gal is a 2 year old pit mix. Heidi loves her play yard time with her shelter buddies and enjoys running around with them. She does not like to share her food or toys, so she would do best as the only animal in the home.

Heidi is currently the longest waiting dog in the shelter. She has been with us since October 2024.

Volunteer Spotlight

Meet Sophie Will

Sophie has been a HSOP volunteer for 8 months. She is a dual volunteer that works with both cats and dogs! During her time volunteering she has participated in many evening walks and many events that the shelter has held or been a part of!
